

# He Takes Care Of Your Home, But He Can't Be Your Neighbor.

He is a tradesman - a painter or a framer. He is the helper to your roofer, electrician or plumber.. He is your lawn care person. You depend upon him to maintain your home, so you can stay in your home for as long as possible.

His mortgage payment is high and he works all the overtime he can get. It is hard for him to care for his family and make ends meet.

He may soon be forced to leave his job and relocate. where he can afford a home. When a segment of the population is forced to live

elsewhere, the community suffers. Businesses can't find the employees they need to expand. Community-based volunteer services disappear.

## **WHAT HE WANTS - REALLY NEEDS - IS AN AFFORDABLE HOME NEAR HIS WORK!**

The ability of our community to provide safe and affordable housing is critical to its success. If you'd like to see our community do more, please support the Toms River Workforce Housing Initiative.
